

Good Evening NSA Families,

The purpose of this message is to encourage you to check Infinite Campus and check that

- Your phone, email address, and physical address are current and correct
- Your emergency contacts are listed with accurate contact information*.

*Please understand that, by listing someone as an emergency contact, they will have the ability to pick up/check out your child *without* your consent. Any individual that tries to check out your child and *is not* listed as an emergency contact will not be able to do so until we have received direct confirmation from you (electronic or verbal) that you give your consent.

To make changes or add information, email nsa@mnps.org. Please enter "IC Information Change" as the subject and include your child's name in the body of the message.

Thank you and have a nice evening.

Dr. Thomas
